PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on experience delivering scalable, responsive web applications using React.js, Node.js, Python, Django, REST APIs, and Firebase. Successfully contributed to 2 internship projects involving end-to-end development, API integration, and cloud deployment. Skilled in both front-end and back-end development with a strong foundation in database management, serverless architecture, and Agile workflows. Committed to writing clean, efficient code and delivering measurable results in collaborative team environments.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Web Design, UI/UX Design, DOM Manipulation

Back-End: Python, Node.js, Django, Flask, Express.js, REST API Development, Server-Side Rendering

Databases: MySQL, PostgreSQL, MongoDB, SQLite, Firebase Firestore, Realtime Database

Cloud & Firebase: Firebase Authentication, Firebase Cloud Functions, Firebase Hosting, Google Cloud Platform (GCP), GitHub API, Serverless Architecture

Tools & Platforms: Git, GitHub, VS Code, Vercel, Netlify, Render, Docker (Basics), PowerBI, Agile, Scrum

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern | **Cognifyz IT Solutions Pvt. Ltd.** June 2026 – July 2026

Chennai, India

- Developed and delivered 3+ full-stack web application features using React.js and RESTful APIs, reducing manual data handling time by approximately 25%.
- Built 10+ dynamic, reusable UI components integrated with back-end APIs, improving overall application performance and user experience.
- Collaborated with a team of 5 developers following Agile practices, completing sprint tasks consistently on schedule.
- Maintained 100% code documentation standards through peer code reviews, improving codebase maintainability.
- Resolved 15+ bugs and performance issues across front-end and back-end modules during the internship period.

Full Stack Developer Intern (Python) | **Trios Technologies** 2026 – Present

Chennai, India

- Contributing to 2+ production-grade full-stack web applications using Python, Django/Flask, and React.js, serving real end users.
- Designed and integrated 5+ RESTful APIs connecting React.js front-end with back-end databases and third-party services.
- Improved data retrieval efficiency by optimizing SQL and MongoDB queries, reducing average query response time.
- Managed CI/CD deployment pipelines using Git and cloud hosting platforms including Vercel and Render.

PROJECTS

E-Commerce Web Application | React.js, Node.js, Python, REST API, MongoDB

Designed and developed a fully responsive full-stack e-commerce platform with 5+ core modules including product listings, shopping cart, secure payment gateway integration, and back-end inventory management. Integrated 4 REST APIs for seamless client-server communication, reducing page load time by 30%.

Interactive Puzzle Game | JavaScript, HTML5, CSS3

Developed a browser-based puzzle game featuring 3 difficulty levels, real-time score tracking, and dynamic game state management using vanilla JavaScript and advanced DOM manipulation.

Dynamic Event Platform | React.js, Node.js, SQL, REST API

Built a multi-page web application supporting 100+ event registrations with schedule management, interactive UI components, and a back-end database for persistent data storage and retrieval.

PowerBI Analytics Dashboard | PowerBI, Data Analysis, AI Integration

Built 3 AI-powered interactive dashboards in PowerBI visualizing 10+ business KPIs, enabling data-driven decision-making for business stakeholders and reducing reporting time by 40%.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering 2023 – 2027

The Meenakshi College of Engineering, Chennai, India

CERTIFICATIONS

- **Full-Stack Development 101** – Simplilearn SkillUp | July 2025 | Code: 8681019
- **Cyber Job Simulation** – Deloitte (Forage) | August 2025 | Code: tnNM2ApNPMQL50fw
- **Introduction to Web Development** – LearnTube | August 2025 | ID: INT-M-2-3705-1066795
- **PowerBI Workshop** – OfficeMaster | August 2025 | AI-powered interactive dashboards in PowerBI
- **Big Data 101 & Big Data 301** – Infosys Springboard | November 2025
- **IT Architecture Job Simulation** – BCG Platinion (Forage) | December 2025 | Client Overview, Pain Points Analysis, Future-Ready Solutions, Project Planning
- **Technology Job Simulation** – Deloitte (Forage) | December 2025 | Coding & Development

CORE COMPETENCIES

- Full Stack Web Development
- REST API Design & Integration
- Cloud & Firebase Architecture
- Responsive UI/UX Development
- Database Design & Optimization
- Agile & Collaborative Development
- Problem Solving & Analytical Thinking
- Clean Code & Software Best Practices
